

TOURNAMENT RESULTS

Windsor 6/11/22

Most of us will blame the combination of low 90s temperatures, no cooling breeze and bad greens for our high scores. Doug Ackerman survived these conditions to post the day's low net of 75 to claim both the Flight 1 and the Tournament win. Congrats to Cheri Brannon on her win in Flight 2 with a net 77. David Joseph's 81 took low gross honors; very good for a SF guy who kept looking for the fog which was about 50 miles away. Gotta give Chris Cox a high-five. Chris - was it tougher to play with one eye mostly shut or in a full Batman costume (cape included) on a 90+ degree day? As I mentioned at the 19th hole, the flights are imbalanced due to there being three players with a 15 course handicap and the decision to have them be in the same flight; plus a late WD from Flight 2.

We hope to see a good turnout for our next tournament on Saturday, July 16th. It's the 'makes you think and try creative shots' 3-clubs + putter tournament at Oakmont East / Sugarloaf.
